American Academy of Allergy, Asthma & Immunology Foundation
Funding research that leads to the prevention and cure of asthma and allergic and immunologic disease.
Why Us? Why Now?

THE FOUNDATION’S IMPACT ON THE FUTURE OF A/I RESEARCH

Three years ago, the AAAAI and its Board of Directors sponsored a summit at which we re-evaluated the AAAAI’s fundraising efforts to that point in our history. We examined how to most effectively improve the care of patients affected with allergic and immunologic diseases through supporting scientific discovery. As we re-branded our philanthropic arm as the AAAAI Foundation, our first need was to clearly define our mission, which we set as “funding research that leads to the prevention and cure of asthma and allergic and immunologic disease.” How exciting that we are living at a time when these goals are possible.

Recent advances in diagnosing, understanding and improving patient treatments have been most impressive. To harness and translate these advances into opportunities, it is essential that researchers are available and trained to apply these findings to patient care. A key step in achieving our mission is providing the next generation of investigators with the opportunity to conduct the needed research.

Consequently and appropriately, the AAAAI Foundation’s commitment to supporting these investigators through Faculty Development Awards is critical. Over each of the past three years, we have been able to award a total of eight investigators with three-year awards of $240,000 each. From my perspective, these developmental awards will provide the research from which we will all benefit – most importantly including our patients with allergic diseases.

Your generosity allows us to keep these dreams and goals alive. Thank you for your interest and kindness in supporting the AAAAI Foundation.

Foundation Benefit

Our annual Foundation Benefit is a premiere social event of the AAAAI Annual Meeting, and features the presentation of our Faculty Development Award to three young investigators, live music, and a seated dinner. All proceeds from this event support our awards program. Thank you to all who purchased Benefit tables and individual seats; we greatly appreciate your support. The 2017 Benefit was held at the Atlanta History Museum; the 2018 Benefit was held at SeaWorld Orlando.

5K Run/Walk

The 5K Run/Walk supports research and provides an exercise break during the intensive scientific program at the AAAAI Annual Meeting, with over 500 participants each year. Thank you to all who register for the Run/Walks; we greatly appreciate your support. Our 2017 Run/Walk (Atlanta) and 2018 Run/Walk (Orlando) both featured IndyCar driver and asthma patient TJ Fischer as Grand Marshal.

We are grateful to Shire for its generous sponsorship of the Run/Walk in 2017 and 2018!

Thank you, AAAAI Foundation donors!

The AAAAI Foundation is grateful for the generous support of our donors. Their contributions are essential to the advancement of allergy and immunology research and education, as well as to the recognition of excellence in the field through the presentation of awards and lectureships. We invite you to join us in supporting our mission to develop leaders and inspire excellence.

Our 2018 Award Recipients and Lectureship honorees and their families at the 2018 Foundation Benefit.

AAAAl FOUNDATION STAFF

Lee Wiensch, CFRE, Executive Director
lwiensch@aaaai.org
Anne Koenings, MA, Development Manager
akoenings@aaaai.org
Sabine Gifford, Awards Manager
sgifford@aaaai.org
This award, which provides $240,000 in funding over a three-year period, is intended to support the development of junior faculty to further their careers in Allergy and Immunology, and to help create leaders and independent investigators by funding excellent research that will lead to the prevention and cure of asthma and immunologic diseases.

- Eligibility is restricted to Faculty Members (MDs, MD/PhDs, DOs, DO/PhDs) with a primary appointment in allergy/immunology, either as instructor or assistant professor, who have completed training for board certification in allergy/immunology by July 1, 2018.
- Applicants must have a formal association with an allergy/immunology fellowship program.
- Applicants must be citizens of the United States or Canada.
- Applicants must be AAAAI members or submit a membership application with the award application.

**Award term is July 1, 2019 to June 30, 2022.**
